

Suzuki Boulevard C109R and RT 2008 – 2009

Ultimate seats Installation

Installation Kit

Step washers = 2

M8 chrome bolt – 1

Removal of Stock Seat

1. Remove the rear fender bolt from passenger seat.
2. Slide passenger seat back to remove.
3. Remove the two bolts holding the bracket and hand strap to the fender and store this bracket and strap.
4. Remove the rider seat by sliding back and up.
5. Install your new Ultimate Midrider seat first.
6. All the mounting brackets are already installed on your new seats.
7. Reinstall the two stock bolts through the rider seat rear bracket holes into the fender using the **two supplied stepped washers**, these step washers must be installed on the bolts with the small diameter facing down on the seat bracket.
8. Slide passenger seat front bracket under the two step washers and secure with the **new supplied M8 bolt** into the rear fender bracket.

Enjoy the ride again on your Ultimate
