

Yamaha V-Star 650 Classic

Ultimate seats Installation

Mounting hardware included for Ultimate passenger seat only

One bolt 8mm X 30 mm

One spool

One nylon washer

Removal of Stock Seats

1. Remove the rear fender nut from passenger seat.
2. Lift and slide passenger seat back to remove.
3. Remove the spacer washer from the passenger rear mount stud and store away if you are installing the Ultimate passenger seat.
4. Remove the passenger seat bracket from the fender and store away if your installing the Ultimate passenger seat.
See picture below Fig. 1
5. Remove the bolt holding the rider seat and store away if your installing the Ultimate passenger seat, if your using the stock passenger seat use the same bolt.
6. Slide rider seat back and up to remove.

Install new seats

1. All the mounting brackets are already installed on your new seats.
2. Install your new Ultimate rider seat, use the new included bolt, spool and nylon washer on top of the rider seat rear bracket to bolt down if your installing the Ultimate passenger seat.
See picture below – fig. 2
3. Install your new Ultimate passenger seat by sliding the fork bracket on the seat into the spool, make sure you push the passenger seat all the way forward into the spool, hold it forward and secure with the original nut on the rear fender.
