

Captain Itch Heat Shield w/ Ultimate Seats Installation

Indian Chieftain / Roadmaster Family 2014 and Up

Two Piece Seat (Bolted Together)

Install Kit

Button Head Bolts M8 x 35mm

Captain Itch Cut Out Template

CAPTAIN ITCH - If you have a **Captain Itch Heat Shield**, it will need to be modified (to look like Fig 1) to fit with your Ultimate Seat. If you indicated with your order that you use a Captain Itch Heat Shield, a template to cut the shield was supplied with your new Ultimate Seat as well as 2 button head bolts (M8 x 35mm) that replace the OEM tank bolts indicated in Fig 2. After the heat shield is modified install it under the seat on the front locator bracket then install the seat with it attached Fig 3.
